

COOKIES POLICY

BY CONTINUING TO USE OUR WEBSITE AND SERVICES, YOU CONSENT TO THE UTILIZATION OF COOKIES AND SIMILAR TECHNOLOGIES FOR THE PURPOSES OUTLINED IN THIS COOKIES POLICY. IF YOU DO NOT WISH TO ACCEPT THE USE OF COOKIES AND SIMILAR TECHNOLOGIES, PLEASE REFRAIN FROM USING THIS SITE.

Cookies

When you visit a website, a small text file, commonly referred to as a 'cookie,' may be stored on your computer or mobile device. Cookies serve two main purposes: enhancing your browsing experience by remembering your actions and preferences, and assisting us in analyzing website traffic.

Handling of Cookies

Our website employs cookies to optimize its performance, improve user-friendliness, and maintain security. These cookies also play a vital role in traffic analysis on the website. Additionally, we utilize third-party cookies, such as those from Google Analytics, to monitor and assess website visits. It helps us understand user behavior and identify areas for enhancement. It's important to note that these third-party cookies do not disclose your specific identity.

Types and Categories of Cookies Utilized

Below, you will find details on the categories of cookies used on www.parceldetectives.com:

a) Security:

Cookies in this category enable and support our security features, assisting us in detecting malicious activities and violations of our Terms and Conditions.

b) Performance, Analytics, Research & Advertising:

Cookies used in this category provide insights into the performance of our website and web products across various locations. This information is invaluable for enhancing, researching, and improving our products, features, and services. Even when accessing www.parceldetectives.com from external sources like other websites, applications, or devices, cookies are employed to gather valuable insights. Additionally, third-party cookies are used to tailor our marketing messages and communication with you.

Controlling Cookies

You have the option to manage cookies already stored on your computer through your browser settings, and most browsers offer configurations to prevent the addition of new cookies to your device. It's important to note that adjusting these settings may limit your access to specific features on the website.
